Headmaster's Address

In his work "The American Conflict," Horace Greeley wrote, "The illusion that times that were are better than those that are, has probably pervaded all ages." We tend to freeze certain moments in time and to relate all future events to those fixed points as if there could be no movement or improvement. Life does not work that way. We live and move and have our being in the eternal present. How boring and frightening it would be if we lived in the eternal past. There would be no discovery, no yearning, no chance to change and no hope.

This is the challenge of every graduating student — to grasp the present; things that are now and to thrust them, changed, renewed and charged with vitality into the future — which will always be now.

My prayers and best wishes go with the class of 1996 as they build their world. May they have the courage to make all things new, but to keep just a "little" of the past in their present in order to leaven and to sanctify the future.

Above: Fathers know best!

Right: We're just one big happy family!

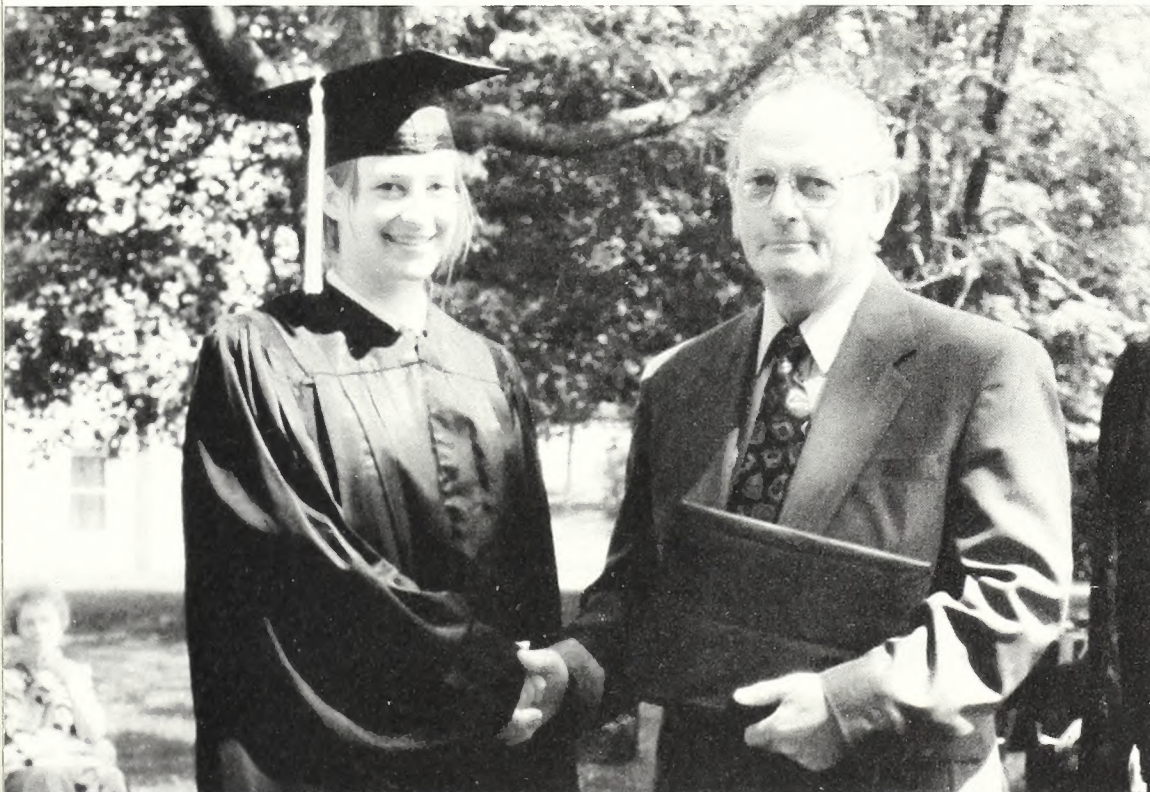

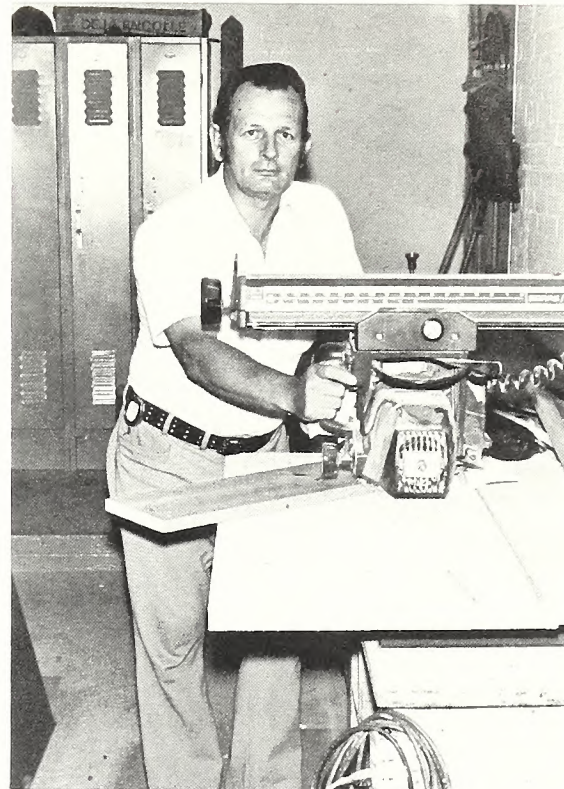

DEDICATION

As the 95-96 school year at Albert draws to a close, so also closes the career of our maintenance head who retired after twenty-two years of service to Albert. Mr. Norm Boyce came to Albert in May of 1974 after ending his first career of twenty years duration with the Royal Canadian Air Force. Norm came to Albert with a mandate to improve not only the quality of maintenance, but also the maintenance staff. The introduction of uniforms for the staff, and machines to do the jobs, started the maintenance department on a road to that end.

His refusal to be beaten by any size problem and his "as needed shop meetings," have become a hallmark for the maintenance department to follow. This year's *Alibi* is dedicated to Mr. Norman Boyce, with thanks from all the College Family: students, teaching staff, office, kitchen, and nursing staff, and especially his maintenance staff.

The Terry Fox Run

On Sunday morning, September 17, the Albert College community roused itself for the annual Terry Fox Run. Whether they walked, jogged, biked, or roller bladed, our ever-energetic group showed up in nearly full force to lend support to the local fundraising effort and to tackle the 10km course through the streets of Belleville. The Terry Fox Run is an annual event across Canada that raises money for Cancer research.

Camp Walden

Walden was once again our annual exercise in adversity, designed to bring the students together as only communal suffering can. We got rained on at our opening night campfire and the prefects almost drowned out in their canoes (no bailers available); the next day was glo-

riously cold: any colder, and we could have skated on the lake; and the survival game found many of us knee-deep in mud. Needless to say, we all had a great time, and the three days flew by far too quickly.

Outreach Programs

Big Brothers and Sisters: Why does a group of 16 young boys and girls come to the school every second Sunday? Because a group of volunteers meets them, to play with them for a couple of hours, until they are picked up to go home again.

The program was an enriching experience for all who took part; patience is a necessity, but the fun you have is worth the effort!

Comments from the little brothers and sisters: Big sisters is great! I like big sisters. Big sisters are nice, we do lots of fun stuff. It's worth coming every Sunday. It's the best; I dunno!

Co-Ed Beach Volleyball

We were very apprehensive when we arrived at a parking lot covered with wet sand, behind a bar and some run down taverns in Trenton. However, as we waited for our opponents to arrive, we enjoyed free doughnuts and coffee. To our surprise we also received free T-shirts. After 3 games we made it to the "A" finals, and

we walked away with 2nd place and another free T-shirt. The entry fees and all proceeds from the tournament went towards the Almost Home Foundation for sick children. We would like to thank Miss Storr for taking us to this worthwhile event. We had a really good time and we look forward to going again next year.

November Trip to Bermuda

While most Albert students shivered during an early winter snowfall, the Senior Boys' Soccer team, together with the Headmaster and Mrs. Rose, and coach Mr. Walker and Mrs. Walker, spent 5 days in sunny Bermuda. The team played three games against very stiff opposition, and we managed to win our final one. We were billeted at the homes of friends and relatives of Bermudian Albert students, and we truly enjoyed their generous hospitality; we also found the time to visit many of the

island's historical and tourist attractions, and to swim in the lovely turquoise waters off the famous pink beaches.

Mr. Rose also met with members of the Sydney Smith Scholarship Foundation and interviewed several prospective Albert students. Given the growing contingent of Bermudian students at the school, these regular visits to the island are not only thoroughly enjoyable, but also increasingly important and beneficial.

A Midsummer Night's Dream

This year's drama production of Shakespeare's *Midsummer Night's Dream* was the most successful in years, involving a host of talented and hard-working people. Playing against magical sets, actors and dancers created a fairy-like illusion that totally enchanted the appreciative audience and that would have made old Will himself proud. Arts Week

This year saw the most elaborate Arts Week that the College has yet experienced. Under the organizational leadership of Miss Cameron and Miss Pellow, we were treated to a Saxophone workshop and concert by Paul Brodie, a most innovative Happening in the gymnasium,

workshops in printmaking and pottery by Walter Sauren and Peter Hall respectively, and a Shakespearean dress-up day and lunch. Student participation was strong and enthusiastic, and even the teachers got into the spirit of the events. A good time was had by all.

APRIL FOOLS!

April Fool's Day was a great success this year. Staff and students arriving through the front doors were greeted by the sight of Craig's little yellow car, which had mysteriously found its way into the front foyer overnight. Continuing on to the common room, many were very surprised to discover students lounging on furniture usually available only to staff members. Seems somebody

had gone to the trouble of moving all the teachers' furniture into the Common Room, and all the common room furniture into the staff room. The ever-resourceful prefects were found to be responsible for these major pranks, but students all over the school got involved in the fun. The only difficulty will be finding a way to top these jokes next year. Start planning early everyone!

Co-ed Volleyball

In the year of our Lord 1996, patriots of Albert College armed with knee pads and determination charged the gymnasium at Adelphi University. They played like warriors or poets, they played like Scotsmen (and

Scotswomen) and they won their freedom forever. A great deal of thanks to Miss Storr, who not only led the immortal charge but also put up with us savages.

Boys' Basketball

Although this year's Senior Boys' Basketball team did not achieve the success many dreamt of, we did have many exciting and close games. Captained by co-MVP's Shannan Tuzo and Omari Adderly, the team did play in some high scoring and fast paced games, and saw the development of Phil Morneault and Matt Davis as two quality players. Thanks to Mr. Gulliver for his time and coaching to make this a memorable season.

The Junior Boys' Basketball team had a most successful season. We had a well-rounded group and we worked well as a team. Our tremendous regular season suc-

cess was highlighted by a tiebreak win which put us into the playoffs. We traveled to St. Catherines for the final tournament, living like pros, sleeping in a luxurious hotel. However, the excitement of the trip left us bewildered as we stepped onto the floor for our first game against the #1 team in the league with their 8 feet tall mutants. Our next game was very close as it came down to the last minute of play. We represented Albert College well by giving it our all. Special thanks to Mr. Profit and Mr. Potts who showed us they can not only coach superbly but can also play well! (Ha! Ha!)

Girls' Basketball

The senior girls' basketball team had an enthusiastic season this year. Although winning was a rarity, we made it to the double digits every game (until the final tournament). Our main objective became having "FUN" rather than winning. We had a lot of beginners who all became assets to the team. Most improved player could have been anyone, since we had so little experience at

the start of the season. Gwen and Adrienne Kikawa got the most improved player awards and MVP's went to Janeen Bates and Meredith Walker. Thanks for putting up with us Gully even though we may have tested your patience periodically. And Mr. Profit your undying enthusiasm was truly inspiring. Great season girls, Thanx!

This school year the sport of curling returned to Albert College with the help of Mr. Tom Kilgour. Each Tuesday and Friday at least twenty students showed up at the Quinte Curling Club to do some curling. Halfway through the term a select few went to Kingston to play in a school boys' tournament. This was the biggest thing that we did during the season and next year the curling team hopes to enter the Bay of Quinte League.

Curling: John Thomas, Rich Power, Mr. Kilgour, Paul Bandler, Sean Quinn, Chris Churchill.

Alpine Ski Team

From the Coach's Gate

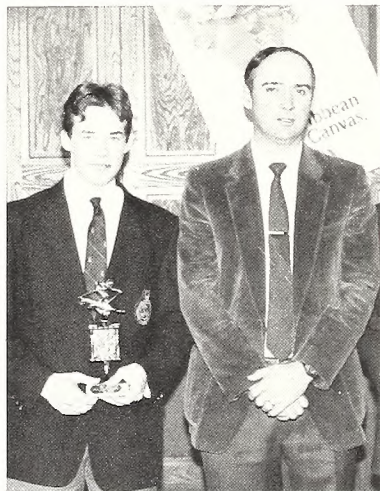

The 1996 Alpine Ski Season was an exciting one indeed. Silver medals at the Bay of Quinte Championships, bronze medals at COSSA, fine accomplishments at the CIS Alpine Championships, impressive results that would make any coach very proud!

My most pleasant memory

of this season, though, was watching the ski team come together as an enthusiastic, very supportive group. Commitment, dedication, a desire to have fun and to work hard made this ski team successful, both on and off the slopes. To the most spirited, talented ski team in Albert's short alpine racing history, I extend my thanks for your commitment to the program and for your support in making it so successful!

Squash and Badminton

The squash team was very strong this year, counting among its players the experienced Dave Jelley and the constantly improving Sean Fields, as well as a host of enthusiastic others. We would, however, like to attract some girls to the team: hopefully next year!

The badminton team competed in both exhibition matches and at the Bay of Quinte tournament, giving a good showing and demonstrating that Albert College remains competitive with much larger schools.

EA²

This year, EA² wasn't just about doing what we can for our friend Mother Earth, it was about making inseparable bonds and having a lot of fun in the process. The members met faithfully every Thursday to plan events like "Roam the Dome" and "Pet Day." "Roam the Dome" took place at the Sky Dome in Toronto and raised money for the World Wildlife Fund. We climbed the numerous levels of the Dome collecting letters at different check points along the way, and unscrambled the letters at the end to reveal a secret message. We each got a free t-shirt and a box of "Critter Crunch" (yum!) for helping to support this worthwhile organization. "Pet Day" was

an unforgettable experience for the many "pets" and "owners" involved. Several brave EA² members, including our ever-patient staff advisor Mrs. Moodey, were sold to the highest bidders for a day of slavery and humiliation. Thanks to everyone's hard work, we raised over \$200 towards the school's new composter. This group of young people gave it their all and they dared to dream impossible dreams. HERE'S TO THE FUTURE, EA², AND HERE'S TO YOU!

The Sounds of Albert

Our music program this year was another great success. Miss Cameron's inspired work with the choir produced many memorable performances. The Christmas Candlelight Service was truly beautiful and moving, and the choir performed magnificently at the Baccalaureate Service and the Convocation Service. And then there were all those special songs at morning chapel, not to mention the many solos and duets — a special thank-you to Erica, Shoshanna, Carolyn and all the other soloists!

Mr. Mills' work with the band also led to some wonderful musical treats for us. We heard all the groups play at the W.I.P. concert, and we really liked those jazz sessions: cool, man! In chapel, we were often pleasantly surprised to hear the band up in the balcony, or accompanying the choir; we also enjoyed their playing at Convocation.

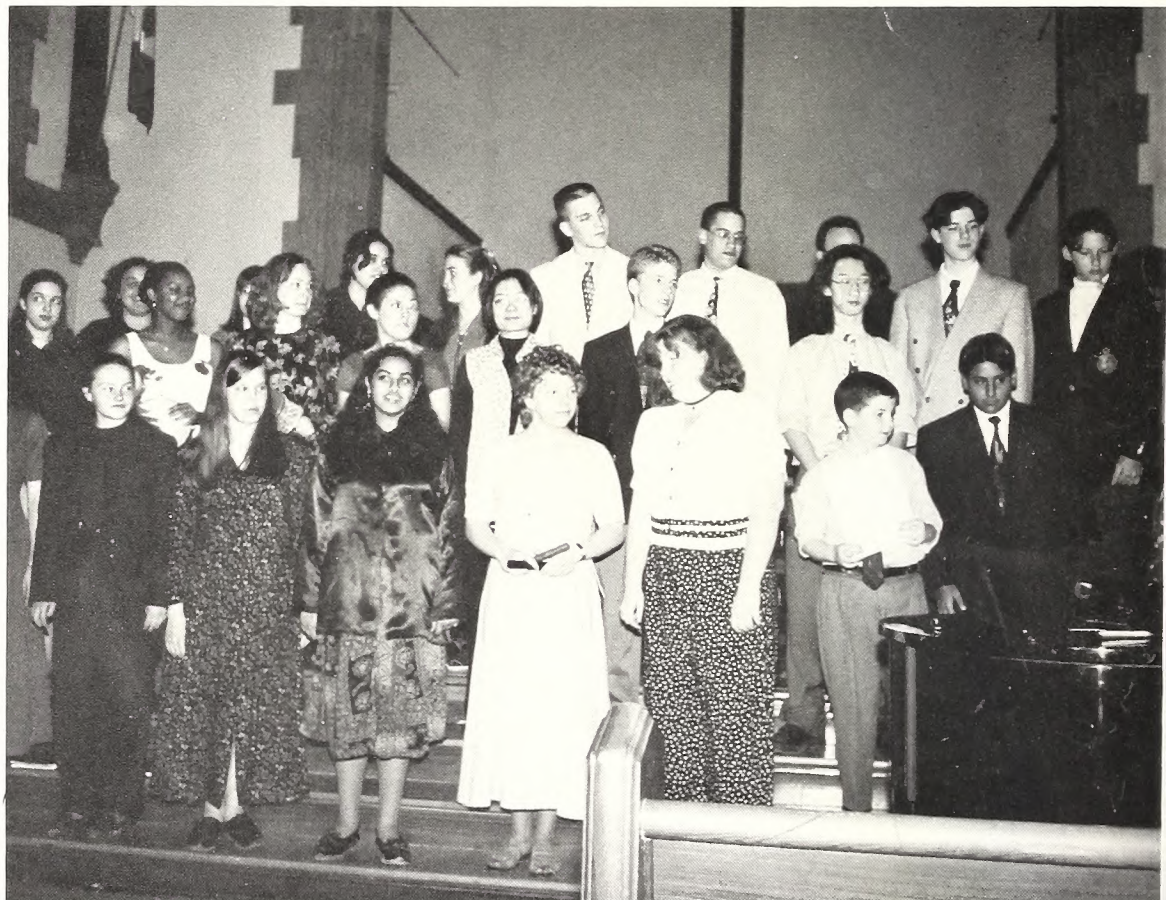

To both Mr. Mills and Miss Cameron, our heartfelt thanks. We'll really miss you next year, Miss C.!

Outward Bound

Outward Bound was an amazing program. I hope everyone can have the kinds of experiences that we all received. This year's group had some excellent qualities and we were able to see each other's good and bad sides. We conquered rain, cold, portages and gorp stealers together! Even though the trip is over, our friendships still remain. Outward Bound is a terrific course; the things you learn and discover are one of a kind. Everyone should get a chance at this great adventure!

Alnis, Kevin, Jessie, Justin, Jocelyn, Erica, Mike, and John were this year's participants in the Outward Bound Program.

Equestrian Studies

Cherie, Jocelyn, Kathy, Sarah and Brook were lucky enough to take part in the Equestrian Studies course during this — the first year it has been offered at Albert College.

The instructors Donna, Kelly and Dawn worked hard with us as we learned riding basics, anatomy of horses and stable management. Not only were we lucky enough to spend each Wednesday afternoon doing something we love, but we also got to

miss last class (these things are very important)!

Each one of us had many opportunities to “eat dust” and experience humiliation as we pushed ourselves to the limit. As we flew over the heads of our horses we would think, “What a great way to spend an afternoon!”

All in all it was a great opportunity. Let’s hope next year is just as good!

Ski Trip

Freezing & Fun at Mt. Tremblant

From February 16 to 18 a group of 30 students, parents, and teachers traveled to Que-

bec for the annual school ski trip. Although a little on the cold side, the conditions were superb. We stayed in the new Mt. Tremblant Village at the base of the mountain. The hotel and facilities were excellent. A great time had by all!!!

The Yearbook Staff

"Better Late than Never"

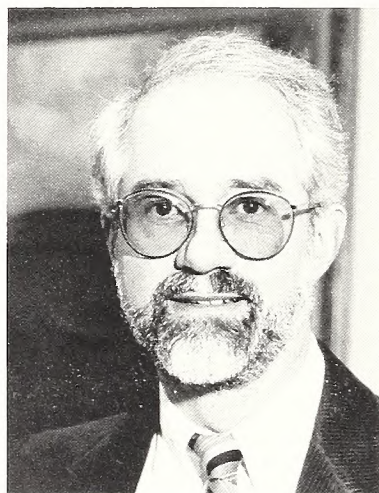

The Alibi staff are a unique bunch. When pushed we are capable of producing 15 pages of completed yearbook a day. Usually though, 15 days per page is more reasonable. We like to think of ourselves as a dedicated team. And we are. We work at the Alibi right into our summer vacation. In fact the yearbook doesn't really get started until the summer.

Despite a lack of photographers this year, we managed to come up with what we think is an enjoyable yearbook. We enjoyed producing it, and hope that you will enjoy browsing through it. Of course if you think that you can do better we invite you to join the team next year. In the words of chess club great Brian Ash "New members are always welcome!"

I would like to extend a special thanks to Miss Pellow and her faithful sidekick Mr. Krieger for their help and dedication.

Sincerely,
Jenne Miklos, Ed.

My second year at Albert has finally come to a close. I will be sad to leave, but eager to prosper in life. I would like to thank my parents for their endless support, without them I would not be the person that I am today. Leaving Albert College will be upsetting, because of the people I have made "golden" friendships with, I will never forget them. To Gloria, Royden and Sean, I will miss English classes and "English study halls"; especially Gloria — "guy-talks," Adrienne K — "the tit mobile," Meredith — Chem. notes and "problem situations" (thanks for being there), Cameron S. — craziness, Cameron G and Sean Q — Tim Horton's precious moments for us, Julia — girlie sport and Arvin W., Jenne M., & Julianne — Toastmasters. Actually, there are dozens of people I would love to mention, but that would be impossible, so thank-you to those who have made these years memorable: Antoine, Benoit, Shanna, Gwen, Janeen, Chris C., Jenn, Matt D., Cheese, Omari, Otis, Carolyn, Adrian Rose (co-president) and finally Mrs. Kerr for her endless effort and Mrs. Moodie for believing that I could be anything (ie goalie!). Albert College I will miss you all!

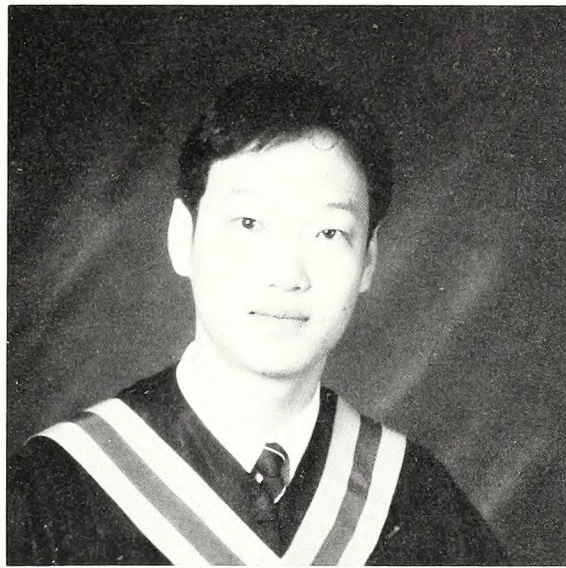

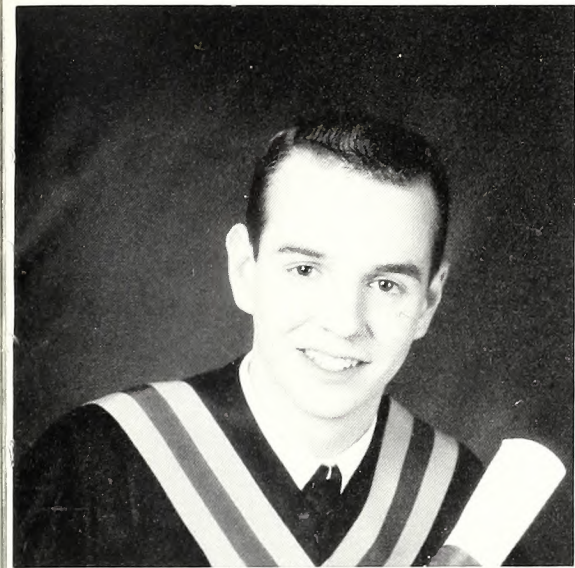

Chen, James

What the heck is going on? It's my second time to graduate from high school. It's not funny. Actually, I'm usually too lazy to write this kind of stuff. But, because of Jenne M. I'll break my rule and put something down. Just like everyone here, first, I would like to thank all teachers in this school. Second, I have to thank some of my classmates. Especially Gloria, she made my Calculus class so interesting, because . . . Krian, the best computer programmer at AC, he really taught me a lot. And my buddies Bob & Arvin, these 2 guys also changed my life at AC. There are still too many people I should say something to, like: Brian, Samson, Jason, Shin . . . But I'm falling asleep now. Anyway, keep in touch.

Cheng, Patrick

I have been in Albert College for three years, it is not a short time nor a long time. I have many precious memories during this period. It is amazing to have friends from all over the world. I would like to thank all the teachers and staff in Albert College especially Miss Finney, Mrs. Walker, and Miss Storr for being helpful and supportive teachers. I would also like to thank Mrs. Moodey, my academic advisor, who is always there when I need help. Jen, Janeen and Meredith: Thank you for being my good friends for 3 years, Jenne Miklos: (Miss Chimpanzee) Never mess up my hair again, Erica and Andrew: Stop torturing each other, Silvius: My best comrade and rival!, Dave: What the nerve! The . . . devavative, Arvin: The most cheerful polar bear, Marianne: My best sister, I will never forget you, Samson: Where is your favorite place in AC? Dining hall? or *Dark Room*? Uhm . . . Andrew, Brian, Matthew and Sion: You guys are really great friends. I hope all the people at Albert College will have a really good future. I will never forget the fun I have had at AC. Bye-Bye.

Cheseborough, Mark

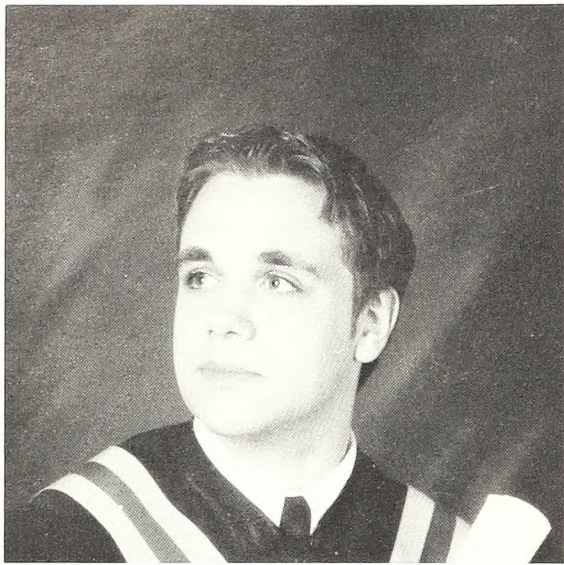

This has been a fantabulous six years, and I'd like to thank Shannah and Cheryl for being my snazzy pidittle queens. And to my wicked torch dwellers Jenne and Gloria, the skies will be yellow thanks 2 U. Ha-Ha. And to the 5 of U, U R the sunshine of my life, and Jen LaForge, the apple of my eye!

Cheung, Brian

This was my second and last year at Albert College. Although there is nothing much you can do in Belleville, if you stay in the College, you will find many interesting activities going on. Being a boarding student I learned many skills eg cooking noodles, basketball, staying up late . . . Being a Chinese and having received my education in Canada, I have really improved my English skills. Special Thanks to the teachers of Albert. One thing which made me happy and which I will save in a special place in my memory is the friends I made here. Good luck to you all! (Allen, Christopher, Albert, Wa Fu, Andrew, Danny, Nick, Samson, Matt, Matt, Patrick, Esmond, Charles, Jason, Andy, X-men, Daryl, Sil, Simon, Shin) Finally, I would like to say Thank you to my parents. Thanks for their support and forgiveness.

Chong, Carolyn

Craig: Ready Freddy? Ready Eddy: Let's Gooo . . . ! Katrine: Oh my God, we can't do this again! Mandy: Coffee? Cameron: Remember . . . personal space. A.C.T.'s: In my opinion, and my opinion only. Gina: eh??? Claire: Oops, was that due today? Marcus: Let's face it, we'll always get the evil glare from her. RIBS RULE! (Just to put it so you two can understand) Remember, you're just the rough copies. E.K.: "You can't build a reputation on what you're going to do tomorrow." Night Grouch: I wish I was a bar of soap in a tub. Think of all the things I'd see and all the things I'd rub. To Everyone: The best of luck to all of you. I hope someday we'll all meet up with each other again and remember the years we shared together. Remember, "In the race to be better or best, don't miss the joy of being."

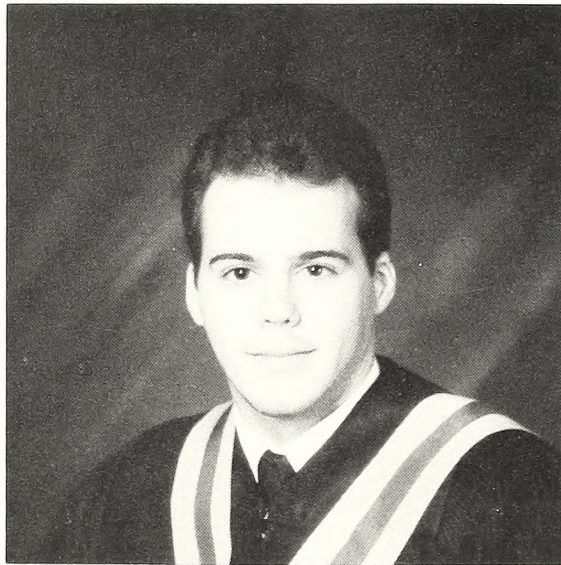

Davis, Matt

To all of my friends . . . I care for you all very much and wish you the best of luck in the years to come. JT: you're the coolest, so rock on. The Friends crew — JA: the lone wolf, JL: never change who you are because that would be a loss to us all, MW: try not to use so much Skippy peanut butter, JB: now who will you beat up?, The Tim's crew — RP, PM, AD, DB: it's nine o'clock on a Saturday, and Bobo shuffles in, he says "shay it'sh sshpycho Ron" B-ball crew, and Rugby crew: you know who you are . . . dudes I shall be back to party with you (oh, Julia, I win). Copperfield's crew: keep the beer flowing. To the Kikawa sisters: you won't get me!

"Forever searching; never right, I am lost in oceans of night. Forever hoping I can find memories, those memories I left behind. Even though I leave will I go on believing that this time is real — am I lost in this feeling? Like a child passing through; never knowing the reason. I am home — I know the way. I am home — feeling oh, so far away." enya

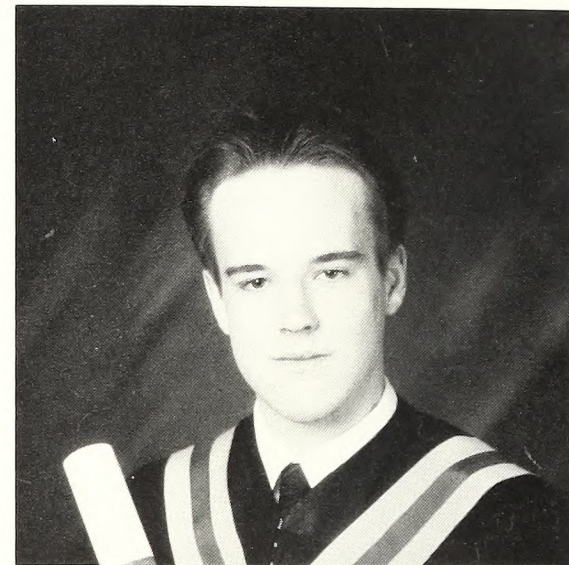

Love you all.

Fields, Sean

Memories of this year: October Break in Montreal, ROYDON! "Wine, wine, wine" John, next time you go to Montreal make sure to wear a helmet so you can keep the fairies away. Jim, thanks for all those pool games, they were indeed exhilarating and fulfilling; without those games I probably wouldn't have made it through this year! Adrian, Alex, Gloria and Claire, thanks for the good time at Jenne's party. It's been a great car ride dicky! You better watch out for Vampires because they bite. Take my advice Dave and don't play me in squash until you learn how to play properly. I apologize for being a little under the weather in your car, Alex!

What I have learned this year at Albert College: I learned that the female species are all alike wherever I go, hmm! I also discovered that Tim Hortons is Canada's national teenage hangout. It has come to my attention that people in Ontario are not too fond of Quebec. Well, let me inform you that Quebec is the greatest place in all of Canada, whether they separate or not! The people from Quebec are also more friendly than Ontarians, and I mean "MORE FRIENDLY." Don't forget they remember. "Je me souviens!"

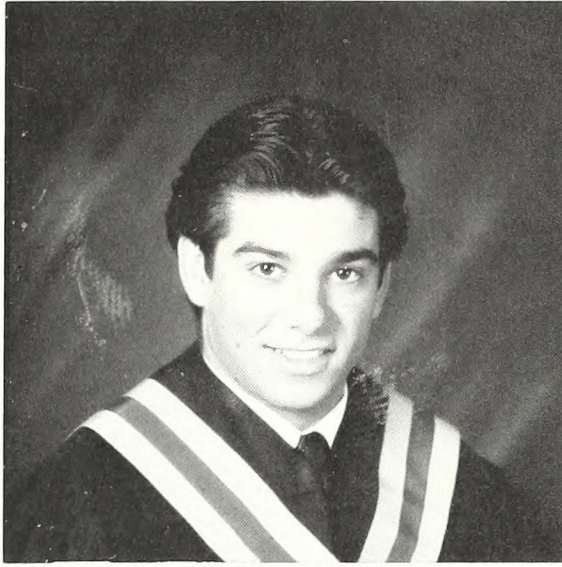

Frith, Andrew

I suck at English, but anyway, here goes! Miss Storr — where's my chair? Thanks for all that "extra help!" Mrs. Johnston — Casey will probably keep next year as lively as the last! Maisie — thanks for always giving me two burgers with a smile! Mr. Gulliver — want some more sherry peppers? Miss Cameron — so how are Arvin's roses? Thanks for the choir and other things! Krian — YOU SUCKEST MOSTEST!!! Muffin — watch out for Miss Storr! Kim — gonna miss you in Chemistry! Uncle Jelley — what the nearth? Make sure I'm up tomorrow! Jenne — chicks suck! I'll miss you SO much!! Where's my cheesecake? Erica — need I say more? My parting inspirational words for my fellow students: CHALK MAN STRIKES AGAIN!!:—)

I never thought it would end. I have been at Albert since grade 7 and now I am finally graduating. It is amazing how time flies when you are having fun. I remember being toured by a grade 10 student 8 years ago. It seems like yesterday, when I arrived and was shown to my room in Baker House. I was walking up all those stairs and the first person who greeted me was a huge man, Mr. Powell. Wow, did I ever think I was in for it. It turned out that Mr. Powell was a great guy and he was the house director for 6 of the 7 years I was here. (I think he got sick of me and left!) Now, the house director is Mrs. Walker and an assistant Mr. Profit. They have been both great help through my OAC year. Thanks! I would also like to thank all the staff members, kitchen staff and maintenance for being there when I needed help, a second serving or a new desk. I would also like to say thanks to that special person I met five years ago. Thanks a lot Lou! Living at Albert has really done a great deal for me and I will miss my second home. Well, I guess it is time to go, so bye for now but not forever. If you would like to find me, I will probably be fishing in some lake or swamp.

Kikkawa, Adrienne

I have to thank Miss Pellow (keep in touch) and Mr. Krieger for their support and guidance in the three long years I've been at Albert. I would like to thank Gully for making me work my hardest at basketball. I had fun! So what comes to mind when I think of Albert: Bermuda, France, expulsion, ISU's, lacrosse, basketball, chicken burgers, being on duty, etc . . . But I think that I will remember my friends the most: Gloria, best bud, stay in touch, we'll always have France (John has no what?) Julia, I will always remember the days when I came to your house and had the most beautiful Farts! Robyn: don't forget one of the most important things in life, "O. pleasures" Keep your eyes open for blubber sunglass heads. Matt, thanks for spitting on me everyday. Hamilton, thanks for that wild night and the straws. Alex B. We must take another trip in the Tit! Shanna & Cheryl, Ms. Wedgie and Farhead, love you both, keep in touch! Katrine, my darling Pickles, Butthead loves you, I'll miss you so much! Jen Syn., keep on playing lacrosse, I'll always be there to kick jerks out of the bathroom 4U! Ethan, so when are we getting married? B.L. Best Buds, I will someday beat you at the Century Club! Arvin and Sion — Good luck guys! L.M. — you will never have any class. My advice for the women of the world — Stay away from losers named Eric Round.

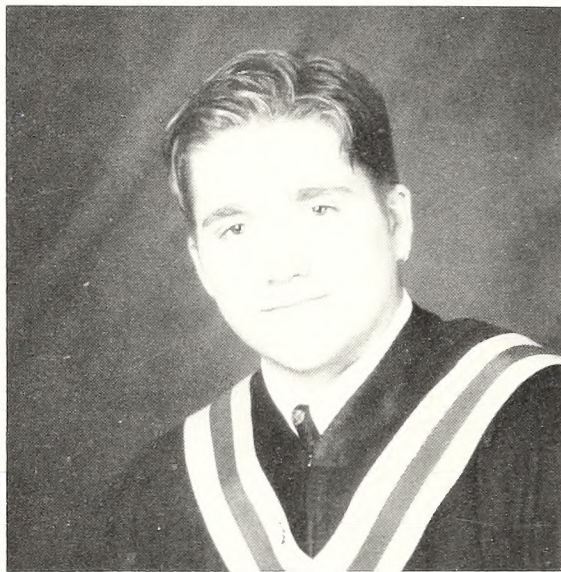

LaForge, Jennifer

The countdown is over, my 3 years are up. Albert has been my security blanket but now I'm off into the "real" world, a large confusing void with only knowledge to guide my way.

The friendships I've made are what have kept me going, past pals and present friends have helped me become the person I am today! To my 2 bestest friends: JAB, now the shadows part but the spirit remains, amichi per sempre! Mer, thank for always being right there when I needed to talk, shuckfit. Mandy, word of the day: flabbergasted! Keep the sugar flowing. The terrible 2, Otis and Omari: MP you're #1, I'll still be keeping tabs on you next year. 'Mari, snob — big guy! Ethan, thanx 4 everything. Matt and Josh; pirates of the lake. Tweedledee and Tweedledum, who's clueless?! Lake, nice guy, I'll miss ya. Mark, you've been a constant, sturdy rock, I'll count on you always. Shannan, blah, blah, blah!! Kevin, the perfect hug height and Chris, never lose the rule book! Shanna, double sock girl. Cheryl, yellow 4ever, we saved Shilo! Julia, I wish you the best. Cherie, DD batteries. Shoshana, we made it!! Gina, I was the "Uno" God!! Mike R., you rock my world. Chris and Adrian, keep strivin'! Good luck in the future, lots of love to all. "Journey toward your dreams. Be what you are, and become what you are capable of becoming." — Moonshine —

My 4 years at Albert have symbolized all my growth and development through my teenage years. I do not leave here a man, but I will return in time as one. If a person's wealth were measured by the friends he keeps I would be very rich. John — All Blacks 100: Wales 0. Rich — see you in the cancer ward. Josh — Super Shamu is a fairy in tights. Richards — now I need a new bubbly supplier. Runnings — does my alarm clock work? Bert — Etobicoke is for tards. Forgie — see ya later flake, stay cute. Churchy — AVANTI! Cheese — take care of those 7's and 8's, I'll miss you next year. Kikkawa's — Hey Gwen, wanna poke? Adrienne, how much did you bribe your driving instructor? Take care the both of you. I will miss you more than you may know. Cheryl — you never stop surprising me. Stay sweet. Raul — you are everybody's favorite immigrant. To the future prefects — SUCKERS! To all those I have not mentioned — sorry. Many thanks to all those who have shared the good and bad times with me. To me, those times are the defining essence of what leaves Albert dear to my heart. Best of luck to all in the future and may your kegs never run dry.

Ooh! I'm graduate! This is so unbelievable. I cannot believe that I'm going to be a university student. You know what, I'm still so young. (only 5??) Hee! Hee! I never want to be grown up. However, my two years in AC changed me and taught me a lot. Not only my academic, but also my own thinking. I'm glad to know all my friends that I met here. Thank you for sharing my happiness and sadness. Thank you for the teachers who taught me with their kindness and especially thank you for my parents who support me to study here. I know I will miss all of you! Love always!

Li, Samson

Activities: Squash and mid-night noodle cooking
Memories: How my single room in residence became a common room for the Chinese community? I was 'cher' for the whole year by all of the Chinese guys, especially Patrick and Matthew. First I have to thank my Dad and my Mom for sending me to Albert College. It was a good choice. These two years have been really difficult, but at the same time really fun, because I have learned a lot of things such as lacrosse, field hockey, rowing, and the most important thing, English. I would like to thank all the staff members but especially Miss Pellow — keep going to the club; Mrs. Walker — can you explain Shakespeare to me?; Mrs. Smith — good ESL classes; Mr. Profit — that's not funny!; and also to the maintenance and kitchen staff. Finally I'd like to thank all my friends who helped me to learn English faster. Carolyn — I will not forget the brakes in Kingston, and when we made ID, Cherie — The number 3 is late. Together, together, Adam and Kathy — Hi Chacho!, Mike — If you keep my flag, I keep your hat, Kim — Thanks for your help on English homework, Craig — Confetti and apple crisp, Sean — Good catch! I'll never forget you, so never forget me! Adios Amigos!

Rose, Adrian

Lonely, scared and worried. That's how I felt the first day I set foot in Albert College. Within the next week, all of those feelings changed; I made a *lot* of friends. That's what I love most about Albert College, the *friendly environment!* The soap opera lives, the late night parties in Graham Hall; I'm going to miss them all. (Oh yeah, I'll miss the long and tedious work that all you "lovely" teachers gave me.) To the following people, I love you (females only) and I'll miss you all. Thanks for making my one year at Albert College great. My lovely, adorable sister, Cheryl, Shannah, Gloria (sexy mama), Trisha, Jenne M., Jen S., Bermuda Massive, Churchy (Frank), Phil, Ethan, Crazy Cam, China Town, Julia, Katrina, Jimmy, Raul, Lakey, Arvin (Sex Pot), Mike R., Crazy Mike, Boy George (Roydon), Tractor, Kathy, Decker, Sean, Eric (Little _), Zulu, Kim, Pat, Maria, My Korean Friends, Cherie R. (Mum), Carolyn, French twins (Antoine & Benoit), Meredith, Janeen, Baker Boys, My co-president Alex, Gwen and Adrienne (Hi Adrienne!), My Sugar Babies Jen L. and Mandy (stay off the SUGAR!), John, Robyn, Jungwon, and anyone else that I have forgotten to mention. I would also like to thank all the teachers that helped and guided me through the rough times; you know who you are. I'll miss you all.

Scott, Shoshana

To all the little people who did nothing to make my life easier: Whatever memories you have of me forget them, cause I'm not worried about you. To the Bermuda massive: It's been rough. I know we weren't all that close, but Hakuna Matata. Good luck in the future. To the choir: It's been great, keep up the good work and get some more spirit. To the prefects . . . what can I say . . . well . . . it's been . . . you know! To all of those who made my two years at AC memorable: There are too many of you to mention, so don't take it personal. R.C.D.E. — You go girl! Chris C — You'll be the first! Moonshine — Keep it clean. M&M — Remember the "Noodles", Jim — The butt slapper. My favourite French men — you know who you are. Mushroom, Ali, Cam, Zugalu — see ya in Bermie. Banana — I'll miss singing with you. Shannan — My favourite cousin, the answer's still NO!! Kris H. — Don't pursue a career in law! Little B — You are not black! Crazy Cameron, Adrian, Roydon, Phil, Matt D., Tamara, Cheese, Lake, Dekker, Legs and Rich — You will all be remembered. To my partners in gossip and crime; Moonshine, R.C.D.E. and M&M — I'll miss the late nights at the Manor. To the staff at AC — Thanks for giving me a chance. Finally, to the Grad Class of '96, I wish you all the best in everything you do. It has been a great year and I'll miss you all. Remember: "Don't think of it as an end, but as a new beginning."

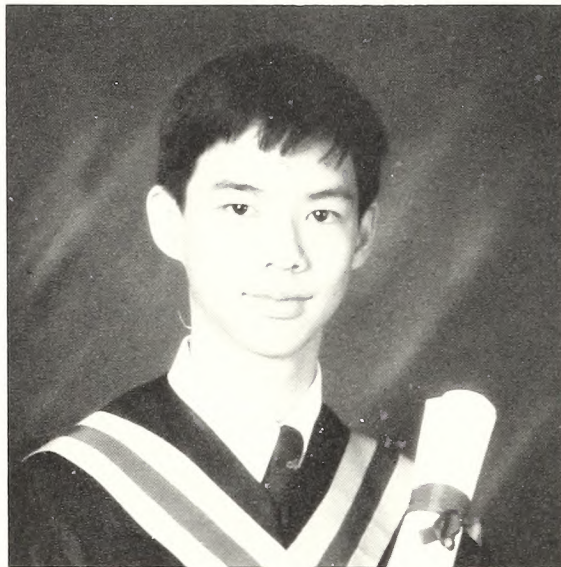

Skelton, Erica

A.K.A. Skel, Stupid Blonde Chick
When my parents first suggested I go to Albert College, I wasn't too keen on the idea — perhaps because I was only in Grade Five at the time. Well, A.C. must've grown on me, because I stuck around for seven years! I've seen a lot of changes here — people come and go, but they're people I won't forget in a hurry!

First, thanks to those who have "gone before" (Rushman, Adrienne, etc.) — miss ya! Green Jackets — think we'll ever get our own room? Good luck to you all! Claire-y-head — "BI-cycle, BI-cycle . . . !" Muffin — stop cheating on Miss Storr! Panda — if you can't solve that algebra problem, do you really think I can? Gloria — love the colours in that birthday gift! Dave — Holy smokes! It was a long haul, but we finally reeled it in, eh? Action — tutorial power! Thanks for getting me hooked on two unique sports. D.C. — I'll always remember France, voice lessons, and just talking with you! K.J.S. — You were right, second term went *much* better! Thank you for your patience and help — with things more important than schoolwork! We'll be thinking about you next year. Sarah — the phantologist asks of you: PLEASE don't light anymore of your homework on fire! Sil — don't worry, everything'll turn out great! Remember to keep in touch! Mick — what is blue?? Take care — friends forever! Finally, Andrew — remember the snowstorm? Thank you for your persistence — I love you! And I'll never be more than a phone call away, so you know what to do . . . !

You can't help becoming attached to a place where you've spent so many of your tears and so much of your laughter, but I'm ready to move on. I'll always look back on my years here as one of the best times in my life — thank you all!

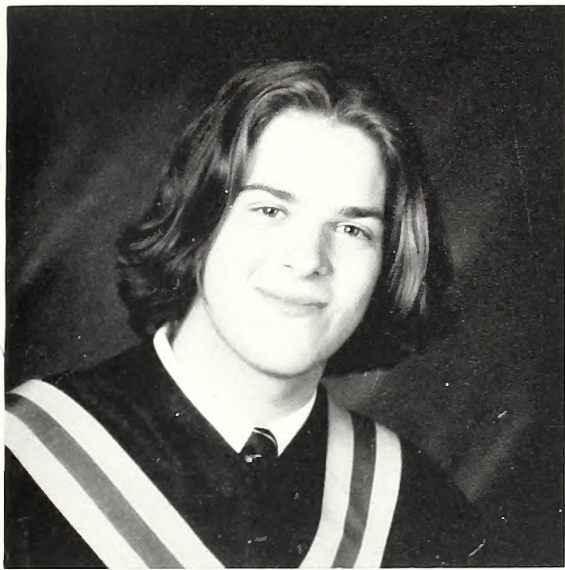

Snelgar, Cameron

To Canada, Bermuda, Jamaica, Mexico, Spain and any other land masses, home to the varieties of species that came to Albert: Thank you for one juicy year. It was certainly a leg tickling, buttock pinching and activity riddled span of time. Let's just hope that those buttocks and legs were pinched and tickled in the right way. To Canada, Thanks for being patient with my presence. To Bermuda, Thank you for sharing some of your culture, and Golshlager with me. To Jamaica, well, I'll see you in the Olympics. To es Spania, your mama's pasta! and keep on running. To the other land masses and people, God bless you, and if you smell my urine, you're in my territory. I love you all from Michael Jackson. Sosiak, Sarah

Four Years of AC mandatory fun and still smiling . . . well sort of. Erica — flaming homework, restaurants on the 401, Phantom, Mitch's place & dancersizing in Buffalo. Jenne — dragons, IDs, & road trips "You do have another set of keys . . . don't you?" Adrienne — March Break phone games "Uh . . . I think you have the wrong number." Jen — "Turtles? I Understand . . . but I still just don't get it." Lindsay — a toast to St. Donat & les BON HOMMES de neige. Sil — Has anything been left unsaid? Jean Sebastian — I'm not that messed up . . . don't you remember KIDS? Thanks to the Edmonton Crew (see ya in Red Deer) and everyone else who've given me great memories of bionic fish, Tubb's, Degrassi High, my little world, and all things Indigo.

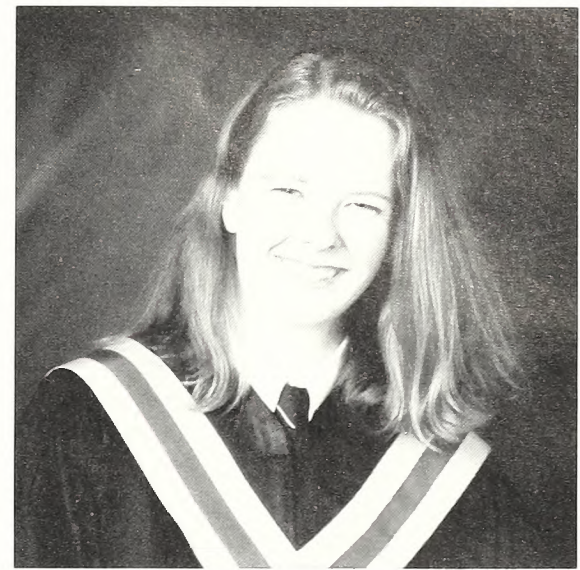

Thomas, John

" . . . Please, mother mercy, take me from this place and the long winded curse I keep hearing in my head. Words never listen and teachers never learn. Now I'm warm from the candle, but I feel too cold to burn . . ." Temple of the Dog. I would like to write down all the memories and people that have affected me this year but, alas, there is not enough room. So, I'll say thank you to one person that truly made my life worthwhile: Bobo. It was this fine man who, through no fault of his own, made me realize what life is really about. Some days I would just sit and listen to this guru of knowledge speak of life and its meaning. He is truly a remarkable individual, with a playful sense of humour and an unmistakable chuckle. Wherever you are in this world Bobo, just remember one thing — keep on rockin'. God bless you Bobo. Your friend always, John.

January, February, March, April, May, June. Time really flies. I came to Albert College in January, and boom! Suddenly it's five months later and I'm graduating. Adjusting to a new education system and having to catch up on a whole term's work was my greatest challenge. I would like to thank all my teachers for being so helpful and understanding towards me throughout the five months that I have been here. I will not forget the friends I leave: Bob, Daryl, Gouki, James C., Jean, Oyaji, P-chan, Samurai, Sil . . . Water fights, silly pranks, school food jokes and Arvin's Archie comics certainly make Albert College a fun place to stay. My pet peeves at Albert are: loud corridor bells, "mind-munbingly slow" internet, self-willed heaters, fire drills when it's 8 degrees out and the wind is 90 km/h, Akuma "K" and Jack-2. Well, it's time to move on!

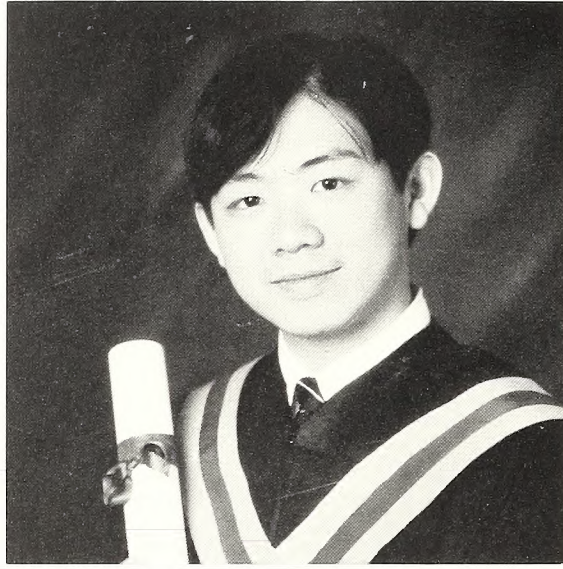

Van der Harst, Tamara

First of all, I would like to thank Mr. Rose for believing in me from the moment I set foot in the school. Since then I have spent 5 very challenging yet fulfilling years at Albert. It's hard to believe that they're over already. I have met so many wonderful people who I'll never forget. Mrs. Hookings — thank you for all your help and support, and thank you to my teachers for their care, wisdom, and guidance. Brad, Scott — who're you going to bug on the heaters when I'm gone? Moos — don't forget pande toetse! Pat and Jen — who could forget 11 Geo?! Dave — we spent a lot of time in the dark this year. Lou — thanks for time-sharing. Shoshana — my partner in crime: they won't mess with us again! Phil — don't forget the castle. Otis — isn't my smile just blinding? (sorry!) Cameron — 2 words: cubic structures. GF — what can I say? Maggie! Mike — I'm gonna halfta get Medieval on . . . Kris — I run it. Louis — "Tickly Poo." Adrian — disappearing rings. Mandy, Robyn, Maria — thanks for being there. All my Bermudian friends — I'm coming to visit (eventually). Adam, Cathy — squirrels. The rest of you — you know who you are. Grad class — good luck. See you at our reunion. A special thanks to my mom, dad, brother and sister. I couldn't have done it without you. Thank you Albert College. I love you all!

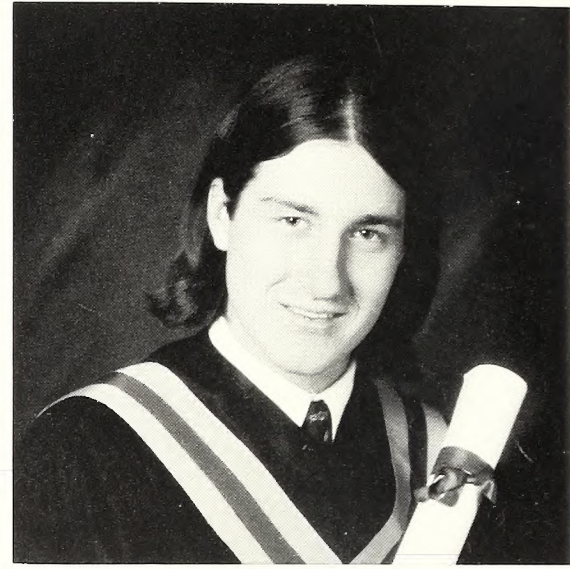

Widjaja, Arvin

What? I'm graduating now? No way it's too fast. I still feel that I am a new student here. Gee, unbelievable. Honestly I really enjoyed studying here even though this last few weeks this place turned into a "torture chamber." ISU's, Assignments, Quizzes, Tests and Exams!! Ah . . . Anyway, I'm surviving now. First, Praise be to God: thanks for guiding me through this year. Thanks to all the teachers for all your understanding. Bob, James: Great weekends!, Jenne: don't be a hyper-active girl., Gloria: stop being a party animal, Art class: Pool mural nightmare., Carolyn, Alex: Toastmasters (boring), Josh: You haven't fulfilled your promise. (next year?), Albert Voaden: Don't continue to be a pervert, Krian: Stop studying! Enjoy life!, Shin: Sayonara. Lastly, I do not regret coming here at all.

Widjaja, Sion

I don't have too much to say, but . . . I really enjoyed staying in Albert College, especially the 1st term. It was the best term of all!! Then, the 2nd and 3rd term came, those were nightmares!! ISUs were attacking the OACs and tests were given in every subject. The next thing you'll know is you'll be staying up late studying. Ooh . . . and one more thing, the assignments, they'll never end. But . . . look at the bright side, I made a lot of friends here and the teachers were so nice. If you start your ISUs earlier, you'll enjoy the rest of the year at Albert College. Word of the wise: OAC Finite, Family Studies and Calculus are not easy courses, but I find them fun to learn . . .

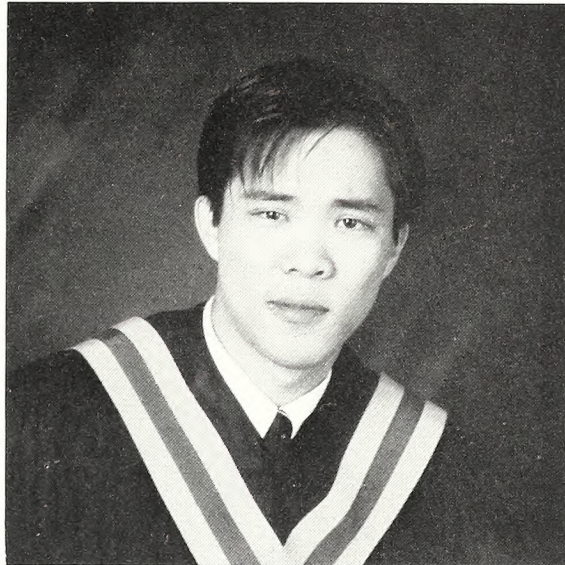

Wren, Jim

Giddy! How's it going? This year has been pretty unusual for myself. Meeting a lot of different people from different parts of the world was wonderful. I really learned what life was all about. Great pool games ME, watch out for your crazy fantasies. To the other crazy Pee-Pee, get a hearing aid. To the Leprechaun, take it easy . . . Party all the time! Party all the time! To the staff, thanks for the tolerance. Ian you shouldn't mess with Pee-Pee's head. Tony Face de Pony and Benoit: The best twins ever. Mountain biking sucks and dirt bikes rule. Also, BMW sucks! Thanks for the great times. Bobby was pretty good! The blue-zone was great also. Have fun next year?!?!
